Hambleside Visits Muller Martini

Hambleside International director Mr Ivor Hutchinson has recently made a visit to Muller Martini's factory located in Germany near the French/Swiss borders, to meet up with the Director and staff of Academy Press Business Forms Limited who are there for training.

The visit was to ensure that the training of the recently purchased Concepta Printing Press was going smoothly and to also discuss a consumables package to support the installation in their Lagos factory in Spring 2014.

Career Opportunity

Large expanding PLC commercial offset printer (ISO certified) based in Nigeria require an experienced Flexographic printer familiar with production/engineering maintenance of flexographic printing equipment to train and improve productivity and technical skills of local operators. The successful applicant would report to the MD. The printer has traditionally been involved in the offset printing arena and is currently purchasing a NEW Edale Beta 6 unit press to move into the flexo market together with various ancillary equipment.

Employment objectives

- Enhance productivity
- Supervision of workflow
- Introduce and maintain strict maintenance procedures
- Train personnel
- Advise on equipment capabilities/best practices with regards to potential jobs
- Co-ordinate training & equipment setup with OEMs

This is a training position with an initial contract length of 6 weeks - 3 months negotiable dependant on applicant's requirements. Package commensurate with experience Please reply in initial instance to export@hambleside.co.uk enclosing CV marked for the attn. Ivor Hutchinson.

Next Imprint Edition

- Microboards G4 Disc Publisher
- Dumor Dicut 52 Guillotine
- ECRM NewsMate Plus
- More used machinery offers

Hambleside International have recently completed a major overhaul of their web site, bringing a more modern and professional look. The web site is packed full of products and services that we can offer from small items such as Pantone swatches to commercial printing presses and bindery equipment.

The web site also makes it simpler to enquire about various different products in one go by using a shopping basket system where you can put all your enquiries into one basket, saving time and making it as user friendly as possible. It is also much more appealing visually as you can see pictures of the products beforehand and with the menus being so simple to navigate, you can find exactly what you want with ease. We also feature a 'Special Offers' section where we occasionally have promotional offers for products which updated on a regular basis.

Special Offer - DPP 1200 Digital Press

Hambleside currently have some ex-demonstrator DPP 1200 Digital Presses for sale at a discounted rate. The ex-demo machines are fully tested and configured before shipment and come with a set of brand new toner cartridges. This offer is only valid for a limited period, so please contact us now to secure your order for this one-off special deal.

For more information then please contact Craig Guy by e-mail (craig.guy@hambleside.co.uk) or by telephone directly on +44 (0)2392 354936.

Academy Press Manugraph Hiline Installation

Following our last edition of Hambleside Imprint we are currently assisting Academy Press PLC, based in Nigeria, with a large capital expansion programme which is on schedule to be fully installed during the third quarter of 2013. We have had news from Academy Press that the new 32 page Manugraph Hiline Web Press is fully installed and has begun full commercial operation. Academy Press are also expecting to take delivery of a new Komori LA37 4 Colour sheetfed press in the new year to increase production levels and also to spread the workload with the existing LS40 which was commissioned back in 2006. Below are a selection of pictures of the Manugraph Hiline Express. Further updates will be published on our web site.

Xeikon 8500 Digital

you want to start with digital but with the aim to grow your business. You can handle a variety of applications such as brochures, posters, leaflets, packaging, small mailings, etc. It will prove a reliable solution in terms of speed and productivity. On top of that you get an unmatched ratio of quality and price for truly flexible high quality document and commercial printing.

The press prints at a top speed of 39 ft/minute and can handle monthly duty cycles of up to 5 million pages. It has an imaging width of 504 mm (19.8 inches).

General Specifications

High productivity in One-Pass-Duplex web fed printing, Professional image and data integrity, Print resolution true 1200 x 3600 dpi addressability and quality, Refined screening library Perfect colour consistency and professional colour management, 5th colour stations for spot colour reproduction and security applications, QA-P Dry toner allowing the use of substrate without specific pretreatment, No VOC emission, Wider colour gamut, Variable printing width. Flexible integration with graphic arts (PDF) and IPDS workflows and High uptime.

The Xeikon 8500 is the entry-level press of the Xeikon 8000 Series. It is meant for printers who want to move into digital with the aim of growing their business. The press can handle a variety of applications such as brochures, posters, leaflets, packaging and direct mail.

The Xeikon 8500 is the ideal entry level press solution if

Machine Spares

Locating spare parts for your printing machinery need not be a problem. We know that machinery down-time costs you money. So at Hambleside we aim to turn around your urgent spare-part orders within 48 hours of the order being confirmed - as long the parts are available from the manufacturer. They are dispatched by Courier, and because we export such high volumes of goods and equipment, they provide us with really competitive rates so that you pay the absolute minimum for your urgent consignments. When ordering parts it is essential that you give us as much information as possible including the part number. If you give us accurate information at the beginning, the quicker we can locate the parts to get you back in production.

Call us NOW on +44 (0)2392 354930 or visit www.hambleside-international.co.uk

Paper Supplies

For over forty years Hambleside have been supplying printers and paper merchants of West Africa with high quality products.

We are currently sourcing from mills in Scandinavia, Europe, South America and Indonesia, to meet the growing demand of our customers. Our prices are very competitive due to the vast tonnages we supply on a monthly basis to Nigeria and Ghana.

We specialise in wood-free papers, newsprint, copier paper, NCR papers, art papers and board, all in various sizes and weights. We can also supply high quality stationery papers at very affordable prices. Get in front of your competitors and give us the opportunity to beat the current delivery times and prices you are paying for your paper.

This is just a selection of the high quality papers we can provide. If you have a specific enquiry please contact us and we will be happy to help.

Hambleside Parts & Consumables
